

video-based how-to training resource

Atomic Training gives patrons unlimited access to more than 500 courses (50,000+ videos) covering over 140 of today's most widespread software applications on both PCs and Macs. Learn about all the latest offerings from Microsoft, Apple, Adobe, Google, and more. Improve job skills with in-depth training on Excel and Photoshop, or learn valuable social media skills with tutorials on Twitter, blogging, and podcasting. Training is also available on mobile products such as the iPhone and iPad.

To access, visit:
youseemore.com/bridgeport

1. Click the "Digital Services" button.
2. Select "AtomicTraining"
3. If already registered with RBdigital through use of Zinio or other RBdigital database, simply sign in using the same email and password.
4. First Time users will be asked to create an account. An email address and password are required. AtomicTraining is provided by RBdigital and the log in information established to access it will be required to access other RBdigital databases such as ArtistWorks, BenchPrep, ComicsPlus, FastPencil, InstantFlix, Kudva, and Zinio.
