- 179 Water Line Replacement Project: This will be the next major water line project.
- Route 50 stormwater issues: City representatives have met with WV DOH again regarding the stormwater issues. It was confirmed the hydrology study is being done. Director Fox is hoping to see progress by Fall of 2020.

Superintendent of Public Utilities/Interim Director of Public Works Jared Cummons
- There are approximately 150-200 meters that need to be swapped out. Most of the remaining meters are in Belasco Mobile Home Park, Meadowbrook Mall, and Emily

- Lift Station: The Lift Stations have been running fine.
- Hydrant Flushing: Jake Griffith has produced a hydrant flushing schedule that ensures all hydrants will be tested and flushed between the months of March and October.
