

U.S. Government Online

civics

U.S. Government Online provides an easy and engaging way to study the structure, function, and history of the U.S. government. Focused and thorough in its coverage, this informative resource features an easy-to-navigate interface that allows users to find relevant essays; primary source documents; images and videos; tables, charts, and maps; and news articles.

Sign in instructions:

1. Username: bridgeport307
2. Password: bpldatabases
3. In order to save files for later reference, first time users are required to create an account using an email address and password.
