AFFIDAVIT

I, _____, am obtaining a building permit to construct or renovate property located at _____ in the City of Bridgeport. I have indicated "self" on the permit application and therefore I am acting as my own general contractor for this project.

This means that I will be performing all work covered under this permit personally without any assistance. I understand that if I hire anyone to work on this project, I must contact the City's Tax and License Division at 842-8230 to verify that they are registered to work in the City of Bridgeport prior to their beginning work. I fully understand that if I fail to comply with these requirements the project shall be issued a cease and desist stop work order until such time appropriate licenses are obtained.

In addition, if I have more than one contractor performing work on this project, I must follow the aforementioned requirements for each and every contractor or sub-contractor prior to commencement of work.
